

Saves water:

Thanks to the foaming action of the Neponol soap used, the Nepon Toilet can be flushed with only 3-ounces of water.

• **No splashing:**

The foam blanket prevents any splashing.

• **Hygienic:**

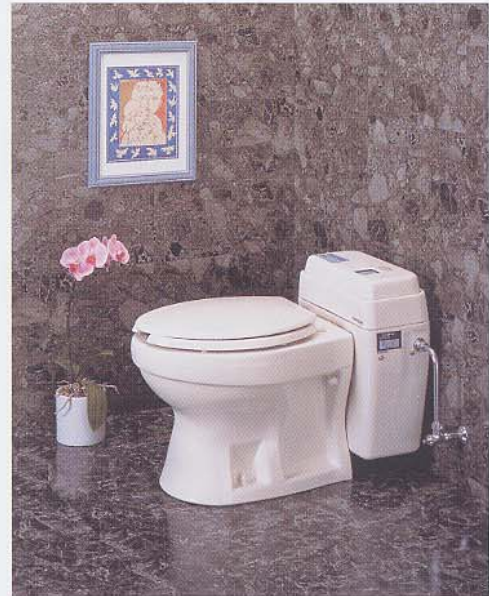

Neponol foam and flush action prevents “streaking” and keeps the toilet bowl clean at all times.

• **Continuous and flush foam:**

Intermittent foaming control for continuous foam and push button flush foam with microcomputer.

• **Neponol:**

An alcohol-type biodegradable mild surface agent displaying superior cleaning, foaming and lubricating effects. One bottle of Neponol is good for 1 month of average use.

Specifications:

Model:	3-ounce foam flush
Weight:	88 pounds including packaging
Power:	120V AC
Power consumption:	Normal – approximately 4 watts Foam flush – approximately 8 watts for 45 seconds
Toilet body material:	Vitreous ceramic
Water tank material:	Vitreous ceramic
Water tank capacity:	9.5 quarts
Toilet seat material:	ABS U-shaped
Toilet lid material:	ABS
Center line to finished back wall:	22” with 4” PVC waste line <u>only</u>
Finished side wall to center:	15” minimum
Air pump:	Diaphragm electromagnetic system
Flush timer:	Normal 45 seconds (variable from 30 to 60 seconds)
Foaming elements:	Polystyrene fabric
Water supplied required:	Provide on either side of toilet
Water supply control:	Automatic float
Neponol soap:	An alcohol-type biodegradable mild soap
Minimum toilet plumbing pipe angle:	45 degrees from horizontal or steeper
Color:	Ivory
ADA compliant:	Yes
Warranty:	One year
